

ARSC 198

A&S FIRST-YEAR SUCCESS SEMINAR

3 CREDIT HOURS | FULL TERM

The College of Arts & Sciences is the *largest* college at UNM, housing 24+ departments & schools, & offering 70+ undergraduate programs/majors that span across the Humanities, Natural & Physical Sciences, & Social & Behavioral Sciences.

This course is designed as a first-year transition course specifically for incoming students in the College of A&S to help build community and awareness about resources that are available for you!

It is co-taught by a combination of Academic Advisors & graduate instructors from the College to provide a more holistic support network for our students. Everyone will meet together on Mondays 12:00-12:50PM to hear from influential guest speakers from across campus! Then, students will meet in smaller groups at 2 other points throughout the week to further explore and practice important skills linked to student success.
